

Hi Amy,

I want to thank you for being such a good realtor and subsequent friend this past year. I have had the pleasure of working with several good realtors in my lifetime. I spend the time to interview and make sure that I am getting the best person for my needs. You, by far, have turned out to be the best I have ever worked with. Your follow up is impeccable. You are efficient, effective and you do what you say you will do. On top of that you are extremely caring and flexible in emotional times. That is very rare in a sales person. I want you to know how much that means to me.

Next time I see you be sure to give me a few of your cards. I will highly recommend you to anyone in need of your service AND I will only use you on my future sale and purchase.

Thank you again!

Van
