# INTRODUCTION

---

Welcome to the Town of Paradise Valley. This *Resident Guide* provides information on Town services that will be helpful and useful to new residents. We are pleased that you have selected Paradise Valley to be your home and invite you to contact Town staff or your elected officials at any time. Addresses and phone numbers are provided in this *Guide*, along with contact information for utilities and other agencies that service the Town and its residents.

Paradise Valley is one of the most exceptional communities anywhere, with a quality of life that is all but unmatched. We have several world class resorts that not only provide a source of revenue, but also provide outstanding amenities for our residents. We have places of worship, and both public and private schools.

Resident volunteerism began when our Town was incorporated in 1961. Hundreds of residents have come forward to serve on our various boards, committees and commissions – from the elected officials who sit on the Town Council, and the municipal court judges who sit on the bench, to the volunteers who make up our homeland security and crime prevention squad patrolling our neighborhoods. The result of all the hard work of so many dedicated resident volunteers is a safe and bright future for Paradise Valley. You are invited to become a volunteer.

Town government is committed to providing high quality public services to a community which values limited government. It makes every effort to enhance the community's unique character for its residents and people visiting from around the world. The Town Council expects its employees to act professionally, provide high quality customer service, exhibit teamwork, show respect for others, be accountable, be committed to transparency in their actions, and show an appreciation for the Town's heritage. The Town Council has adopted five strategic initiatives:

- Diligent preservation of Paradise Valley's special character by enforcing the land use policies identified in the Town's general plan, town code, and special use permit agreements
- Provision of high quality public safety services
- Regular investment in public facility and infrastructure projects
- Conscientious management of the Town's financial resources
- Consistent efforts to identify opportunities to create and promote a more sustainable community

Your council is and always has been committed to public safety as its primary goal. We are proud of our outstanding Police Department and superior partnership with the City of Phoenix Fire Department to provide you with state-of-the-art service and protection.

Our Town is well positioned financially and has a strong infrastructure to serve its residents so that they can continue to enjoy the exceptional quality of life that makes Paradise Valley so special. For more information on the Town, read this *Resident Guide* and visit our web site at [www.paradisevalleyaz.gov](http://www.paradisevalleyaz.gov).

## **TAXES AND REVENUES**

The Town does not assess a primary or secondary tax on properties located within its borders. However, property taxes for other political subdivisions are collected by Maricopa County, the State of Arizona and various public school and special districts.

The Town's revenue sources include sales and bed taxes from its resorts; a share of the State sales, income and gasoline taxes; charges for services such as building permit fees and annual franchise fees from utilities; and interest from investments.

Another source of revenue is a fire service fee that went into effect January 2013 to offset the cost of providing fire protection. The fire service fee is billed monthly on the Town's utility bill and is determined by the square footage of a home. Owners of undeveloped parcels and raw land are charged \$10 a month. Failure to pay will result in a fine and possibly other penalties. For more information, please contact the Town's Sewer, Alarm and Fire Billing Department at 480-348-3518.
